

# MEAL EXPENSES

We provide meal allowances according to the per-diem rates in [BStBl I 2022 of the Federal Republic of Germany, effective 1 January 2024.](#)

- **Eligibility:**  
Available to event participants **who have signed** the attendance sheet.
- **Payment:**  
Per diems serve as flat-rate allowances for meal expenses that we pay per day. Initial costs for meal expenses must be paid by you, receipts are not required. You can claim these per diems after your trip through the template "travel expense report" (this will be provided by us).
- **Rates:**  
The rates are set by German law and change depending on where the program happens and if meals are given to the participants. The rate is lower on arrival and departure. So, for example, the per diem is €21 the day you arrive in & or the day you leave Czechia. For full days (if you stay 24 hours) you receive €32 per day for Czechia.  
If the host provides meals, these rates will be reduced by a certain percentage:
  - 20% will be deducted for breakfast
  - 40% for lunch
  - 40% for dinner
- **Assistance:**  
We will help you apply for these allowances by giving you the necessary forms. Feel free to contact us when needed.
