

Round 1

09:00 - 09:40

Table	Title of the Session	City / Host	Session Description
1	Empowering cities for water resilience: Radical transformation, innovative financing and climate justice	Netwerkstad Twente	Empowering cities to become water resilient through radical urban planning, innovative financing and climate justice, featuring best practices from Netwerkstad Twente and The Netherlands.
2	Unlocking EU Funding: Project development & partnerships	Eurocities	Join our session on Funding & Project Development to connect with Eurocities members, explore EU funding opportunities, build partnerships, and turn ideas into successful, EU-backed initiatives.
3	Bulfab	Bulfab	Blufab develops cutting-edge construction solutions that combine off-site manufacturing with sustainability, efficiency, and design flexibility. Its portfolio includes the hybrid CREE structural system — merging timber and concrete — and fully integrated bathroom and kitchen modules. All solutions are plug-and-play, reducing on-site labour, construction time, and environmental impact.
4	Language policies and language support for immigrants at city level	Espoo	How to find the balance between offering services in English and support for mastering the local languages? This session discusses approaches to language adaptation for immigrants. In a non-English speaking society, where English is widely spoken and understood, how do you support and encourage learning local languages?

Table	Title of the Session	City / Host	Session Description
5	Building a green future together: EU and Ukraine advancing climate-neutral cities and green recovery	SUN4Ukraine	The session will introduce SUN4Ukraine's partnership programme and the opportunity for Eurocities members who are Mission Cities to partner with Ukrainian cities and share expertise on various strategies for achieving Climate Neutrality.
6	Learning with peers about sustainable mobility	Eurocities	Join the networking session to explore new urban mobility learning initiatives, including the UPPER replication programme and CIVITAS Learning Programme. Connect, learn, and apply as a UPPER Replicator city or CIVITAS Champion City for 2025–2027.
7	Hosting Eurocities events	Eurocities	From the annual conference to forum meetings – Discover what your city gains from hosting Eurocities events. Get essential planning guidelines, resource requirements, and application insights. Join us to learn how hosting can showcase your innovations and build valuable networks.
8	ToNite: Community-based Urban Security	Turin	ToNite is a EU project funded by the UIA programme. It develops multidisciplinary and co-designed solutions to manage public spaces and improve safety perception and social inclusion.

Table	Title of the Session	City / Host	Session Description
9	Stockholm Local Transition: The city's steps towards an emission-free city	Stockholm	Stockholm has ambitious targets to achieve a healthier, greener and more climate-friendly city. Stockholm is working with several demonstrations conducted in close collaboration with numerous stakeholders and from a comprehensive system perspective. These include transformations in areas such as regulation and policy, infrastructure, vehicles and logistics, business models and behaviours. The ambition is to strengthen the conditions for what is tested in the project to eventually become 'the new normal'.
10	Eurocities Academy training offer: project design, EU engagement, and NextGen Academy	Eurocities	This sessions will present the Eurocities Academy training offer, with a focus on trainings on project design, EU engagement, and the Next Generation Academy.

Round 2

09:50 - 10:30

Table	Title of the Session	City / Host	Session Description
1	The Berlin Urban Nature Pact: Leading the Way for Urban Biodiversity worldwide – Get Involved!	Berlin	Join our speed networking session to connect with European city representatives, exchange ideas on urban biodiversity, and explore collaboration opportunities. Let's build a greener future — one city at a time!
2	AI for International Cooperation Projects	Hamburg	Joint development and operation of tools for the development of international cooperation projects (Horizon Europe, LIFE etc.). Bundling and harmonisation of measures, common database and coordinated investments.
3	Discover your city digital maturity level and the LORDIMAS community	Living-in.EU initiative	Participants will learn how to evaluate the level of digitalisation of their cities, how the EU LORDIMAS tool can support them in identifying gaps, and how they can benefit from further engagement.
4	Innovative Integration	Vantaa	Let's discuss the best practices for new ways of advancing integration for migrants in cities – what works, and what doesn't.
5	Building a green future together: EU and Ukraine advancing climate-neutral cities and green recovery	SUN4Ukraine	The session will introduce SUN4Ukraine's partnership programme and the opportunity for Eurocities members who are Mission Cities to partner with Ukrainian cities and share expertise on various strategies for achieving Climate Neutrality.

Table	Title of the Session	City / Host	Session Description
6	Greener, more inclusive culture in cities: delivering on the Eurocities Lille Call to Action	Eurocities	Everything you should know about sustainable culture in cities and the Eurocities Lille call to action on sustainable culture.
7	The Finnish Alliance Model	Helsinki, Espoo, Oulu, Turku, Tampere, Vantaa	The Finnish Alliance Model promotes solutions through multi-level collaboration between the Government of Finland and the cities of Helsinki, Espoo, Vantaa, Tampere, Oulu and Turku.
8	Hack4Democracy	Braga	Join us to learn more about partnering with Hack4Democracy—a bold, youth-centred initiative built on collaboration between educators, experts, activists, and policymakers.
9	Bristol: The One City Approach	Bristol	How Bristol's One City Approach brings together a huge range of public, private, voluntary and third-sector partners to work together to make Bristol fairer, healthier and more sustainable.
10	Supporting leadership for public innovation in cities	Eurocities / LSE cities	A session with LSE Cities to present findings from the Public Innovation in Cities report and discuss with cities the leadership capabilities and capacity building needed to strengthen urban governance.
