The ATHLETIC FOUNDATION is closely linked to Athletic Club, the historic football team from Bilbao whose unique philosophy makes it a sporting and cultural reference both within and beyond Europe. Since its origins, Athletic Club has maintained a model based on commitment to its territory and the promotion of local talent—an exceptional principle in professional football that strengthens its identity and connection with the community. This uniqueness has made the team a collective symbol that transcends sport and forms an essential part of Bilbao's social imagination.</p> <p>To conclude the visit in a special way, it is proposed to complete the tour with a guided visit to San Mamés Stadium, an emblematic space for the city deeply linked to Bilbao's collective identity and which has also received important architectural recognitions. At the end of the visit, the group will be offered an informal dinner in one of the stadium's own spaces, creating an inspiring and symbolic setting to foster exchange among the participants.</p> <p>Location: Rafael Moreno Pitxitxi s/n, Puerta 20, 48013 Bilbao</p>
