

PHD SUMMER SCHOOL

Host - Microbe Symbioses: from genetics to metabolic interactions

14-26 JULY 2019

INSTITUTO GULBENKIAN DE CIÊNCIA
Oeiras (near Lisbon), Portugal

INSTITUTO
GULBENKIAN
DE CIÊNCIA

Apply online by
20 March 2019

Confirmed lecturers:

Martin Blaser | Rutgers University, New Brunswick, USA
Amanda Birmingham | University of California San Diego, USA
Melanie Blokesch | École Polytechnique Fédérale de Lausanne, Switzerland
Thomas Bosch | Kiel University and Metaorganisms CRC, Germany
Jocelyne Demengeot | Instituto Gulbenkian de Ciência (IGC), Portugal
Maria Gloria Dominguez-Bello | Rutgers University, New Brunswick, USA
Joël Doré | Micalis Institute, INRA, France
Isabel Gordo | IGC, Portugal
Adriano Henriques | ITQB - NOVA, Portugal
Jonathan Howard | IGC, Portugal
Rob Knight | University of California San Diego, USA
Margaret McFall-Ngai | Pacific Biosciences Research Center, Univ. of Hawaii, USA
Anders Meibom | École Polytechnique Fédérale de Lausanne, Switzerland
Ned Ruby | Pacific Biosciences Research Center, University of Hawaii, USA
Hinrich Schulenburg | Kiel University and Metaorganisms CRC, Germany
Paul Schulze-Lefert | Max Planck Institute for Plant Breeding Research, Germany
Miguel Soares | IGC, Portugal
Luis Teixeira | IGC, Portugal
Karina Xavier | IGC, Portugal

Co-organised by:

BIOLOGY AT THE
HOST-MICROBE
INTERFACE
PHD PROGRAM

META
ORGANISMS
ORIGIN AND
FUNCTION OF
COLLABORATIVE RESEARCH CENTRE 1102
