AGENDA AT A GLANCE

DAY 1 – JUNE 5, 2024

MECC | MICHIGAN ENVIRONMENTAL COMPLIANCE CONFERENCE

Sessions providing CECs for Water Operators are indicated according to this category key:

- DW-T Drinking Water – Technical
- WW-O Wastewater – Operational
- WW-M Wastewater - Managerial

TIME	SESSION							
7:30 a.m.	Registration - Breakfast and Visit with Exhibitors DW-T							
9:00 a.m.	Welcome and Introductions DW-T							
9:30 a.m.	Visit Exhibitors							
	Track 1 MATERIALS MANAGEMENT	**Track 2 AIR QUALITY**	**Track 3 BASIC TRAINING**	**Track 4 REMEDIATION / REDEVELOPMENT**	**Track 5 RESIDENTIAL INTEREST**	**Track 6 WASTEWATER / STORM WATER**	**Track 7 ENVIRONMENTAL EMERGENCIES**	**CURRENT ISSUES**
10:00 a.m.	New Notifications, Registrations and Permits required under Michigan's Solid Waste Regulations	How to calculate your Potential to Emit	Intro to EGLE WW-O	Planning, Construction, and Operation & Maintenance of Non-Pavement Dermal Contact Surface Barriers	Michigan's Septic Replacement Loan Program	National Pollutant Discharge Elimination System: Overview; inspection expectations; what's new WW-M	Hazmat Team 101: How to interact with a Hazmat Team WW-O DW-T	Cannabis and the environment
10:45 a.m.	**BREAK**							
11:00 a.m.	Materials Management Planning	MiEnviro for Air	Air Quality Division – Who we are and what we do	Remediation Information Data Exchange (RIDE)	EGLE's Biosolids Program and PFAS Interim Strategy WW-M	EGLE's Groundwater Discharge Program WW-M	Storm recovery for homeowners and Emergency Responders DW-T	Lithium ion batteries: Hazards to homeowners and recycling/disposal infrastructure
11:45 a.m.	**LUNCH | NETWORKING | EXHIBITORS**							
1:00 p.m.	Organics Recycling Requirements	Understanding and complying with exemptions	U.S. Department of Transportation Hazardous Materials Primer	Gordie Howe International Bridge: Due Diligence and site preparation of US components	Resident and community engagement essentials: EGLE's top resources and tools	Wastewater Treatment Technologies WW-M	Emergency Notification of spills, response, and follow-up actions WW-O DW-T	Navigating the Microplastic Maze: Implications, treatment, prevention WW-M DW-T
1:45 p.m.	**Networking Break and Refreshments – Exhibitor Hall**							
2:15 p.m.	Landfill Gas Management: Surface emission monitoring requirements and addressing exceedances	Update on the PM standards	Do I need an Air Permit?*	Real-time monitoring of the sub-slab pressure field	Air Monitors and Sensors - What can this info tell you?	How to comply with Michigan industrial storm water regulations WW-M	NOAA Spill Response support capabilities	
3:00 p.m.	**BREAK**							
3:15 p.m.	Pending Hazardous Waste Rule changes	What to expect from an Air Inspection	Waste 101	Storage tank requirements	Protect Your Nest! What You Need To Know About Radon!	Storm Water and Wastewater Operator certifications WW-M	Part 5 Administrative Rules, Spillage of Oil and Polluting Materials WW-O	Fluoride: Why it's still relevant DW-T
4:30 p.m.	**Informal Reception at Lansing Brewing Company**							

*Session repeated on Day 2

DAY 2 – JUNE 6, 2024

MECC | MICHIGAN ENVIRONMENTAL COMPLIANCE CONFERENCE

TIME	SESSION							
7:30 a.m.	**Registration - Breakfast and Visit with Exhibitors**							
8:30 a.m.	**Opening Remarks**							
	Track 1 MATERIALS MANAGEMENT	**Track 2 AIR QUALITY**	**Track 3 BASIC TRAINING**	**Track 4 REMEDIATION / REDEVELOPMENT**	**Track 5 DRINKING WATER**	**Track 6 WASTEWATER / STORM WATER**	**Track 7 ENVIRONMENTAL EMERGENCIES**	**Track 8 CURRENT ISSUES**
9:00 a.m.	Waste Characterization and Generator Status	Advanced air permitting	Floodplain Management 101	Environmental Due Diligence for Affordable Housing: One size does not fit all	Backflow Prevention and Cross Connection Control Program DW-T	Wetlands, Lakes, and Streams permitting: A focus on utilities projects WW-M	Great Lakes Oil Spill Center of Expertise WW-O DW-T	Filter First program and law update DW-T
9:45 a.m.	**BREAK**							
10:00 a.m.	Universal Waste	Renewable Operating Program (ROP) updates	How to conduct an environmental audit	How collaborative communication leads to project success	Public Notification requirements for community water supplies DW-T	Navigating Large Quantity Withdrawal Regulations	Chemlock – Introduction to Chemical Security WW-O DW-T	
10:45 a.m.	**BREAK**							
11:00 a.m.	Hazardous waste and liquid industrial by-products: generator requirements	Wildfire smoke	Introduction to the Remediation and Redevelopment Division	Managing construction-derived groundwater	MiEHDWIS: What's new and what's coming DW-T	Michigan's Industrial Pretreatment Program WW-M	Intro to Cybersecurity & Infrastructure Security Agency's Chemlock program WW-M DW-T	EGLE's Public Participation requirements, methods, and resources
11:45 p.m.	**Lunch | Networking | Exhibitors**							
1:15 p.m.	Hazardous Waste and Liquid Industrial By-products Transporter Requirements	Odor investigations and the Air Quality Division	Wastewater 101 WW-M	Vapor Mitigation – Design, Installation, and Commissioning	Contaminants of Emerging Concern: DWEHD Update DW-T	EGLE's Municipal Separate Storm Sewer System (MS4) Program WW-M	EPA Response Capabilities	Updates on the Air Quality Division Title VI Complaints
2:00 p.m.	**BREAK**							
2:15 p.m.	Common hazardous waste and liquid industrial by-products violations	Do I need an Air Permit?*	Compliance assistance resources every Environmental Pro should know WW-M	Petroleum Vapor Intrusion - updated EGLE guidance	Understanding Consumer Confidence Reports DW-T	EGLE's compliance strategy for addressing PFAS in industrial storm water discharges WW-M	Identifying flood risk vulnerabilities caused by climate change DW-T	Direct reading monitors for public health exposures
3:00 p.m.	**BREAK**							
3:15 p.m.		Updates on the Ozone Standards	The Inspectors' Perspective WW-M	Best practices for investigating the presence and management of various underground obstructions	Drinking Water Operator Training and Certification updates DW-T	EGLE's Rule 97 Certification Program for applying chemicals to water	Environmental Reporting: So many requirements and so many acronyms WW-M	
4:00 p.m.	**ADJOURN**							

*Repeat session from Day 1
